

..February 1, 1921..

AFTER thirty-five years of successful shoe selling, we are still at it, and are better prepared than ever to serve our customers. We have a large stock and our prices are always right.

We now have a first-class repair department and are doing all kinds of shoe repairing. We use the best stock that we can buy and do the work promptly and well.

GREENWOOD SCHOOL REPORT

FOR THE YEAR ENDING FEB. 1, 1921

To the Superintending School Committee and Citizens of
Greenwood:

In the brief time that I have known the schools of this district I have been able to do little more than to help keep the schools open and get acquainted with conditions.

The hardest school problem is to secure teachers. Owing to the low salary scale that has prevailed throughout the State an insufficient number of teachers have remained in the service. Even after the drive of last year many schools are without teachers, and more are filled with teachers that are below the usual standard of fitness. This is true notwithstanding the facts that a large number of schools have been closed and combined with others and many teachers who had formerly retired have been persuaded to re-enter the service.

The average yearly salary paid women teachers in Maine in 1907-08 was \$215; in 1917-18, \$410; in 1919-20, \$560; and for the present year it is estimated at fully \$700. This shows what a town is up against that has to get any teachers outside.

This district made a good effort to secure all available teachers this year. The Superintendent worked all summer on the problem, and yet at the opening of the Fall term three positions in the district were unfilled. The last was filled January 17th.

We have paid the lowest salary with safety as to a prospect for securing teachers; we have had a minimum school year, yet we have to report an overdraft. The loan of \$800 put the Town in the class for getting aid from the special State Equalization Fund. Aid from the regular equalization fund depending last year's rates of taxation has not been granted. The Town has received nearly \$200 less than last year from the ordinary State school funds. This loss has been due to a decrease in our school population and to other causes that are State-wide.

Turning to other school problems, I will say that we have not been able to get the labor for building the shed planned for the Irish building. The lumber has been purchased and is on the spot. Other special needs in the way of repairs include shingling one-half of the City building and refinishing the interior of the rooms at Locke's.

In the eight grade system a child ought not to enter school until six years of age. Younger children are very likely to have to repeat the first year. The short school year is also a great handicap for doing the work in the year's outline.

I wish at this time to speak in hearty approval of the efforts of our teachers. Conditions as to discipline are very satisfactory. The same is generally true of the interest and work. We regret the irregular attendance of a few. I wish to thank the school board and citizens generally for their hearty co-operation.

The recommendations of the Superintending School Committee, school accounts, and school statistics follow.

Respectfully submitted,

F. E. RUSSELL,

Superintendent of Schools of Greenwood.

FATHER FOUND TWO-YEAR-OLD BOY VERY SICK.

Was Thin, No Appetite, Had Swollen Lips, Itching Nose

A hardy woodsman and enthusiastic fisherman, Joseph K. Lane, of Lincoln, Maine, has a very interesting record to report. He writes: "As a boy, thirty-seven years ago, I began to take Dr. True's Elixir. Once after six months hauling logs, I came out of the woods and found my two-year-old boy very sick. He was thin, had no appetite, had swollen lips, pains in stomach, an itching nose, was suffering from constipation, for months.

"I had not been in the house an hour when an elderly lady—a good neighbor—came in and told my wife to get a bottle of Dr. True's Elixir, saying she had seen numbers of similar cases which it had relieved.

"My boy was given a half dozen doses of Elixir when he passed a lot of little worms, and right away began to show improvement; he soon began to eat with a relish, to play around and look healthy. He did not have to take a full bottle, and in later years, whenever he got off his feed, a few doses would straighten him out quick.

"When I get constipated, a couple of teaspoons of Dr. True's Elixir fix me O. K.

"My son is grown up now and has a family of six children, and he has practically raised his family on Dr. True's Elixir. The children go out and get hold of something not good for them. It's hard to watch all the children, and so when they eat something they shouldn't and get sick, the Elixir is given and the family is put in good shape again.

"I have read in the papers you have to take a half dozen bottles of some remedies, but you don't have to do this with Dr. True's Elixir. Simply a few doses and then quick relief. The three generations of Lanes have been kept healthy by using it."

Symptoms of Worms: Offensive breath, swollen upper lip, deranged stomach, occasional pains about the navel, pale face, eyes heavy and dull, twitching eyelids, itching of the nose and rectum, short dry cough, grinding of the teeth, red points on the tongue, starting during sleep, slow fever, constipation.

Nearly every grown up and every child needs a Laxative. The fond parents safeguard the health of their children by keeping their bowels in condition. In Dr. True's Elixir only pure herbs are used. No harmful drugs. Keep the bowels regular by using Dr. True's Elixir.

At all dealers. Three sizes. Buy the largest. It is cheapest.

Real Estate Wanted

WE WANT at once Farms, Cottages, Lumber Lands and Village Property. We have a large list of customers who are now waiting to buy Farms and Homes. Let us know what you have to offer for sale or exchange for city property.

We offer a unique service in the Country Home, Estate, Farm and Cottage Realty Lines. We offer the Service of Our Organization to Busy Business Men, who cannot spare the time to explore and investigate desirable situations, but who know what they want, about the location and investment they desire to make a "Special Commission" for doing this class of work. In brief we do "Investigating," make photos, rough plans, secure estimates for building or remodeling, and when it comes to purchasing we represent our purchaser.

Send for Listing Blanks.

We ask no commission unless we make a sale.

Let this star guide you to
Motor Economy

Look for it and when you see it, hanging
in front of our place, drive in under it.

Let us give you

TEXACO GASOLINE

the "gas" with the go.

TEXACO means more power to the drop,
more miles to the gallon. Use it along
with TEXACO MOTOR OIL and you
will be surprised at the smoothness, ease
and increased power of your motor.

That is the logical result of using the
most powerful gasoline made.

And this clean, clear, carefully refined
motor oil.

That is what the star stands for.

Follow it.

"We, the people of the United States,—"

AS DECADE after decade passes, we who live and prosper under the Constitution marvel more and more at the matchless wisdom, the almost prophetic vision of those early leaders of the nation who could devise a plan of government so perfect that it has endured basically unchanged for over a hundred and thirty years.

THE STORY of the making of the Constitution and what it means to us is told in an absorbingly interesting manner in the latest of the "Our Government" stories now being issued by this Institution.

PRICES ARE DOWN

YOU'VE Been waiting to have prices become fixed at a lower level. This has now been done and the present figures are fixed at the prices which will probably prevail for some time ahead. The new prices are very much lower. We have maintained the same high qualities of our goods as in the past. We do not deal in doubtful goods and we guarantee every article we sell. We go to market frequently and are thoroughly posted on market conditions. You can buy now and know that prices will not be lower. We would appreciate your business and be pleased to show our stock at any time. If not convenient for you to come, we suggest using the parcel post. It's a very convenient way.
